"I approached Supply Chain Solution as I needed deliveries to 11 distribution centres throughout England and Ireland with very specific out of hours delivery slots and unloading regulations. From the very initial phone call these guys were great they assisted me and met all my needs instantly with no fuss. They were able to help me organize a same day collection of the goods and distribution from their main storage facility near Liverpool."

Kim Gurney - Price Candles

"One thing I was most impressed with is their communication, it is fantastic. I was informed every step of the way, I knew where all my pallets were and when they were out for delivery I was supplied with Proof of Delivery within 24 hours, and my customers were happy with their delivery. I found the whole experience very satisfying and easy to deal with they took the stress out of a very stressful situation. I would most definitely be using these guys in the future and recommending these to anyone who needs quick turnaround, out of hours delivery times or a safe reliable service."

About Us

We are at the forefront of providing cost effective logistics services to manufacturers who wish to supply Aldi and Lidl in the UK & Ireland. As a company established in 2007, we have built relationships with our customers which have stood the test of time. Whether it's a "Special" or regular business, we have the facilities and abilities to ensure your goods "get to market" on time and in perfect condition. Whether it's one pallet or a full load, we place the same importance in making "The Supply Chain work"

Supermarket Logistics

We provide Supermarket logistics solutions to UK, European & Global manufacturers/distributors who supply Aldi & Lidl. Our systems allow you to deliver directly into our central hub in Liverpool UK, or allows us to look after the entire project.

Services include:

- Collection from point of manufacturer
- Deep sea shipping/ Airfreight/ Road freight
- Customs clearance/ Payment of duties(if required)
- Direct delivery/ De-stuffing/ Off-loading
- Storage/ Warehousing
- Delivery to customer/ end user
- Weekly invoicing with all pod's scanned electronically

Our customers include manufacturers of cosmetics, detergents, foodstuffs, FMCG(fast moving consumer goods).

Logistic services to Aldi and Lidl RDC's

We supply Logistics services to UK & Global manufacturers distributors who supply Aldi and Lidl in the UK & Ireland. We make the supply chain work combining both Road Freight, Sea freight, Air Freight & Warehousing Services to offer suppliers an Aldi and Lidl "one stop shop." We provide both direct deliveries to Aldi and Lidl in the UK & Ireland and also non direct deliveries, where we supply the following services:

Customs clearance

Duty Deferment

Inland Haulage (Either from Quay or Airport)

Container de-stuffing

Warehousing Services

Our warehousing operation covers England, Ireland Scotland and Wales. Our Warehouses are located alongside all the Aldi and Lidl RDC's (Regional Distribution Centres) where all the services below are provided:

- Palletisation
- Pallet Racking
- Reworking of Pallets
- Pick and Pack
- Labelling & Bar Coding
- Printing of Delivery Notes
- Part & Full Load Delivery
- Storage of any rejected Pallets
- Internal Storage of empty Pallets (including Dusseldorfer pallets).
- Consolidation of rejected loads & pallets for an economic return to the manufacturer/supplier

If the stock is rejected for any reason we have an economic local solution. Rather than just ship it back to point of collection, we work with our customers to provide an economic reworked or redelivered local solution on a national scale.

Warehouse Logistics

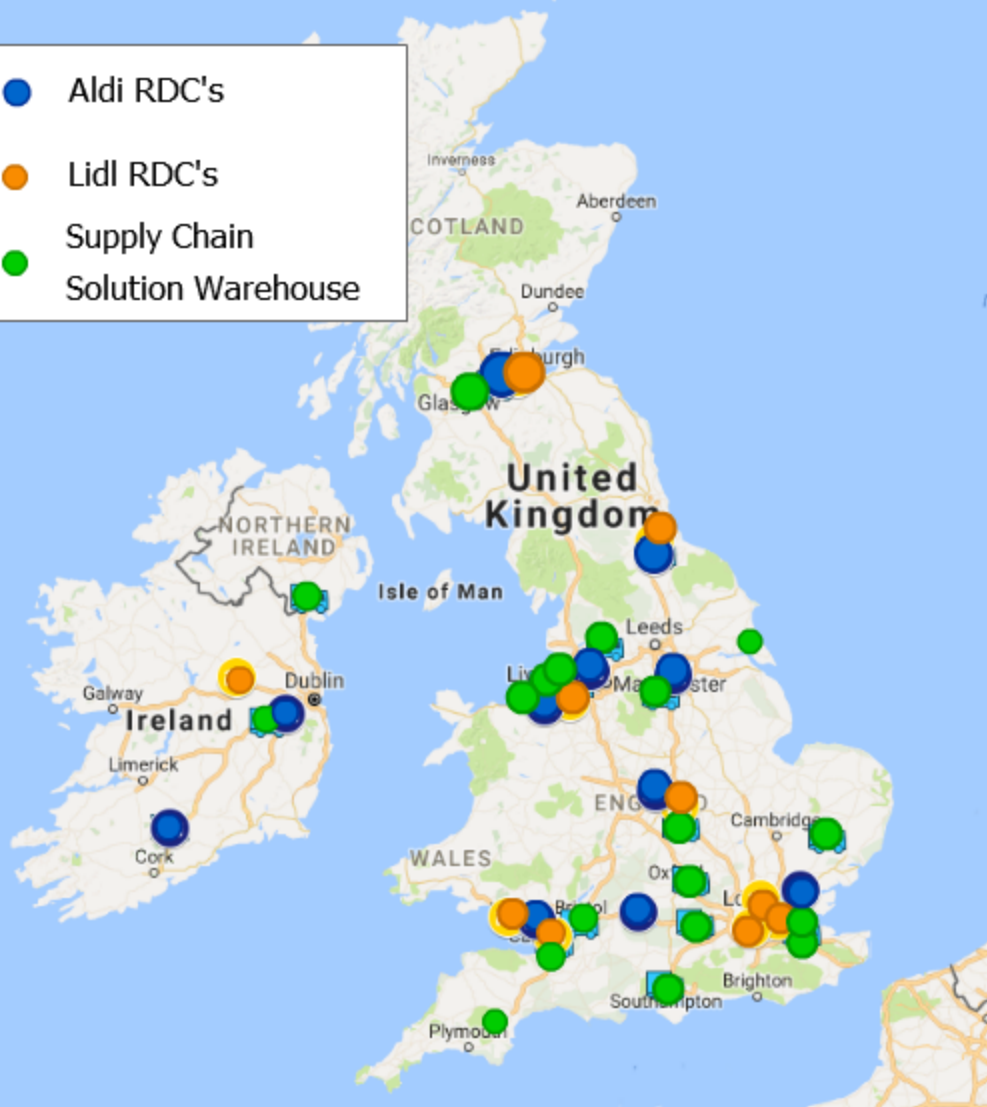

We provide ambient warehouses throughout the UK and Ireland to support our Supermarket Logistics Operations. Our warehouse solutions are alongside or near to the major supermarket RDC's (Regional Distribution Centres).

We provide full load and consolidation/groupage services for suppliers to Aldi, Lidl and other supermarket groups. Whether your goods arrive in a container or on a trailer, we provide local solutions to your problems. If you require, restacking, repacking, and redistribution of rejected goods to any UK supermarket group, we can help.

Each of our warehouses offers standard services, with others offering speciality services. Just click on the warehouse of your choice for pictures and service details.

Our Merseyside Supermarket consolidation hub provides the full range of logistics services required in demanding markets. We provide stock transfers, order fulfilment, and part load services e.g. 1-5 pallets with a full supermarket integrated logistics and warehousing facility.

Solution Warehouse

Conclusion

As a logistics company specialising in both groupage (part loads) and full loads to Aldi and Lidl in the UK & Ireland, we provide you with all the services required in dealing with the challenges of supplying supermarket groups. We manage your process providing you with a seamless operation to take the strain out of the "supply chain" process.

Our Consolidation service is ideal for small volume deliveries to the RDC's. With our large customer base, we combine our volumes with yours and provide a cost effective solution with electronic invoices and proof of delivery emailed every Monday.

Many thanks for the interest shown in our company. For more detailed information about Supply Chain and the services we provide, please visit www.supplychainsolution.co.uk
